

**I am a retired Speech-Language Pathologist, who worked in a trauma hospital for the majority of my career; mostly with head injury, stroke, neurological deficits. This included swallowing disorders, language/ cognitive issues, etc. I was married for over 30 years to a wonderful man who was a Oral/Maxillofacial surgeon. Unfortunately, he passed away 11 years ago. I have two children, a daughter and a son, and currently live in Lexington, KY to be closer to my daughter and 10 year old twin granddaughters. I have traveled extensively, mostly to Europe. I continue to be very active, and contemplating moving to Sarasota, FL to be closer to several of my friends, and the warmer weather. I have always joked about the “snowbirds” and people who move to Florida, but now I am going to join them!**
